## SCHOOL BOOKS & STATIONERY

### BOOKS4SCHOOLS

The list is available on the Grey College website: [www.gc.co.za/Academics/Forms](http://www.gc.co.za/Academics/Forms), as well as on the webpage [BOOKS4SCHOOLS.CO.ZA](http://BOOKS4SCHOOLS.CO.ZA).

Parents / Guardians and learners can cover textbooks and exercise books in advance with plastic and blue Grey College plastic covers respectively. Books may be labelled once the teachers have made it clear what their requirements are.

The mathematics teachers, for instance, have their own requirements for the labels and some of them prefer a ring file of 35 mm for projects.

**ALL TEXTBOOKS MUST BE MARKED CLEARLY!**

Books4Schools offer excellent service at competitive prices, they also guarantee a carefree way, especially to new learners, to purchase books.

Boys experience far less stress when all their books are supplied to them simultaneously. Also please note that some subjects have made changes to their prescribed books which, previously, may not have formed part of the syllabus.

**VERY IMPORTANT: CALCULATOR REQUIRED BY THE SCHOOL**

**CALCULATOR:** Your son requires ONE of the following calculators for school. You will also find this calculator on the book order form, and you can order it along with your son's books.

CASIO fx – 82ZA Plus (Natural display) or CASIO fx – 82ES Plus (Natural display)

The code may differ but “CASIO fx – 82 Natural display” is important. The cheaper calculator of approximately R300 is sufficient; there is no need to buy the more expensive one of R500.

**NB!!! TECHNOLOGY:** Only the technical drawing instruments need to be purchased beforehand. An “Oxford” set is more than sufficient for grade 8.

- Exam pads (x 4)
- Stickers/Labels for books (Kloppers / CNA)
- A piece of wool or string (sometimes used to hang a placard around the neck during "Get to know each other" occasions)
- 2 x Pritt, 4 x cello tape, Tippex, highlighters, large pair of scissors, stapler and staples, punch, eraser, colouring pencils, pencil sharpener, 2H pencil for Technology, a LONG ruler, space case/pencil case.
- A4 subject dividers x 5 sets. The plastic dividers work better; should have 5 sections. Mathematics requires the dividers to have 10 sections.
- Permanent marker e.g., Black Artline 700 which could be used to mark property / clothes.
- Small plastic flags (one packet of flip tabs for the mathematics file)
- 1 x project presentation folder for assignments, and plastic pockets for files.

- "Book Bags" (e.g., Croxley). These are made of thick plastic with a frame of material. Waltons (Preller Square, Dan Pienaar) have colourful book bags, made from material.
